OUR INSTITUTION

"Don't learn safety by accident ... "

Introduction

OHS Academy Witbank, is situated at 1 Maria Street Witbank (opposite Crazy Plastics).. Our campus has safe ample parking and can host up to 25 delegates per day. We also offer on-site training at your premises.

Our core business is to provide Safety Consulting, First Aid, Basic Fire and Occupational Health and Safety Training Services to all sectors of industry and individuals.

Our integrated management system is based on ISO 9001/4, ISO 14001/4 and OHSAS15001/2. This system also includes a contractor 's pack ready for implementation by contracting companies for projects at hand.

As it is not always practical to take your staff off site for training we can bring our training to you. We will make it as simple as a time, date and location to suite your requirements. OHS is a proud member of various business & networking partners as well as BNI.

Accreditation was granted to Cheetah Systems CC on the 30th of November 2005 after all our systems were evaluated and found to comply with the requirements set by SAQA and HWSETA. A new company (SHEMASA) was established and is now trading as OHS Academy
